U O No 622/C S A Dated 8-12-55

6) As the proposal of the re-organisation of Health Section has been recommended by an expert Committee and duly accepted by the Municipal Council and the extra cost involved (namely, Rs 269/~~-0-4-89~~ p m or Rs 3,233/~~4-4-0~~ P A) is not much in consideration of the necessity for the re-organisation the proposal may be sanctioned

It may be added that the budget of the Municipal Council is almost balanced from year to year and the closing balance of the sanctioned budget of 1955-56 is very low, that is Rs 69,390/-, when compared to the closing balances for 1954-55 and 1953-54 (viz , Rs 3,88,878/-, Rs 3,06,705/- respectively) Hence, the Municipal Council may be advised not to contemplate such revisions leading to increased expenditure in future

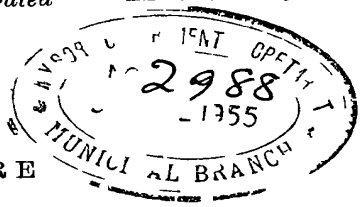
CITY MUNICIPAL COUNCIL,
P B No 17

Mysore Dated 26-7-1955.



FROM

THE MUNICIPAL COMMISSIONER
City Municipal Council
MYSORE

To

The Secretary to Government
Education and L S G Departments, C17 107-55-1
Bangalore

Sir,

Subject Reorganization of the Health Section of the Municipality

---

With the inclusion of certain villages within the Municipal limits and the formation by the Trust Board of extensions like Jayalakshmipuram, Yadavagiri, Bannimantap, Saraswathipuram, Niranjan Raj Urs Gardens, New Ittigegud etc the area of the city which was in the region of 12 5 Sq Miles in 1941 rose to 14 43 in the subsequent years With the expansion of the city it was found very difficult to maintain the sanitation of the city at the standard required with the existing staff The question of redistribution of work and for that effecting some reorganization was under the consideration of the Municipal Council for many years past At their meeting held on 15-4-1950, the Council passed a resolution that the Health Section of the Municipality be reorganized on a more economic but more efficient basis and that Government be requested to depute Dr S Seshagiri Rao for a period of two months to examine ~~the~~ in detail the working of the Health Section and to submit a report as to how the work of the section could be reorganized so as to achieve the maximum benefit from the expenditure incurred. In November 1950 Dr S Seshagiri Rao was himself posted as the Health Officer of the Municipality

After studying the conditions of the City and also the working of the section during the years from 1936, Dr SeshagiriRao

Dr Seshagiri Rao drew up a report tracing the development of the city and increase of population from year to year - and consequent arrangement made for distribution of work from year to year Statistics were collected by him with regard to development of extensions increase of sites, distributions of sweepers etc , Based on the study of the conditions a detailed report was drawn up by Dr Seshagiri Rao and placed before the Health Committee on 12-12-1951 The General principles were approved by the Health Committee and the report was recommended for the consideration of the Managing Committee who recommended to the Council that the proposals be referred to a joint meeting of the Managing Committee and Staff Reorganization Committee functioning at the time

The above committee met for final considerations on 20-2-52, 5-3-52 and 12-3-52 and made their final recommendations at their meeting held on 9-4-52 A copy of the report as well as the report of Dr Seshagiri Rao are enclosed herewith

The recommendations of the Committee have been finally abstracted into 29 items Of these many relate to the procedural side of the executive activities of the Health Section and a few were mostly administrative in nature and related to the re-arrangement of the staff of reorganization with a view to have a better supervision over the work The important change in the administrative set is the division of the city into two zones and placing one Assistant Health Officer in charge of each assisted by the necessary executive and clerical staff

These several proposals were considered by the Council at their meetings held on 7-7-52 and 7-10-52 and necessary resolutions passed approving the recommendations Action was taken to give effect to the several suggestions

suggestions contained in the recommendations, wherever such action did not involve any change in the set up but only involved allocation of duties It was felt that the final recommendations could be made after watching the results of such reallocation It has been found that the suggestions have successfully been worked out and are being followed without any difficulty and what is now necessary is to obtain sanction of Government to the - reorganization of the ministerial and executive establishment as suggested by the Health Officer and approved by the Special Committee and the Council In respect of certain items specific proposals were separately sent and sanctioned vide G Os dated 4-6-55 and 9-6-55 A set of resolutions pertaining to such of the changes which are only now needed together with a proposition statement corresponding thereto has been herewith enclosed

I request you kindly to have the proposals sanctioned by Government as per the proposition statement enclosed

Due provision has been made in the budget estimates under the Head E

Yours faithfully,

(N Lakshman Rau)
Municipal Commissioner

Forwarded with Compliments,

(K Puttaswamy)
President
